

NOVELTY
SEAMING PLIERS
EXTRA LIGHT
ALUMINIUM

ENTSCHEIDUNG FÜR QUALITÄT

Discover our new stainless aluminum seaming pliers! Due to its very light weight this brand new tool simplifies your work and puts less strain on your wrist. The extremely easy movement of this box joint pliers enables precise handling, especially on coated sheet metals. Revolutionize your work with an investment in quality!

NOTICE:
 No impact! Do not use a hammer, as the high-quality aluminium may become deformed!
 The pliers can be operated with a normal manual closing force of 50 kg.
